# Millennium Mile

Signpost Survey 9th November 2017

# Millennium Mile Map

# Tattenhall Millennium Mile: Status of Signposts 8<sup>th</sup> November 2017

*Please see map above indicating detailed location of signposts*

## Colour Code

- Blue is missing or new post needed.
- Red we really should do something about.
- Brown would be nice to fix.
- Black OK

Sign-post Ref	Location	Ht approx	Condition	Comments
<b>1</b>	Corner of High street and foot-path to Mill pond	6ft	Single directional finger post (towards Flacca). Bound By Ivy. Loose.	Ideally requires siting to other side of (missing gate) Requires 2 way direction finger post (pointing towards Rosemary Row)
<b>1A</b>	End of Rosemary Row	tbc	NEW (bi- directional) SIGN-POST NEEDED	Not clear where to turn off High street
<b>2</b>	Part way down footpath off rosemary row	4ft 6ins	No finger post just 2 way marker. Solid although a little rot in the bottom	?? Not really serving much purpose in view of post 3 could be used elsewhere? relocate
<b>3</b>	Close to junction of Spinney end	4ft 6ins	MILLENNIUM MILE engraved. No finger post just 2 way marker. Loose but otherwise OK.	?wedge to strengthen site
<b>4</b>	Triangular junction in Spinney	3ft 6ins	No finger post just 2 way marker- ambiguous as points to both paths. (Only one path is millennium mile way) Loose but otherwise OK.	?wedge to strengthen site
<b>5</b>	Over bridge in wood at junction of paths	6ft	MILLENNIUM MILE engraved Three directional finger post – could be considered misleading. Slightly Loose.	?wedge to strengthen site. Three directions may be appropriate in winter when lower path is wet
<b>6</b>	Up steps towards church where three paths converge	? 5ft	MISSING! Hole in ground. Cut off post is in Glebe meadow	Is it necessary to replace in this location? Could it be used somewhere else

Sign-post Ref	Location	Ht approx	Condition	Comments
7	Opposite Glebe meadow at junction of 3 paths	3ft 6in	No finger post just 2 way marker- could be considered ambiguous as points to both paths. SOLID	OK, as lower path gets very wet in winter
8	End of path before Ravensholme	5ft	No finger post just 2 way marker- SOLID	OK
9	Part way along Ravensholme opposite entrance road leading to Rookery	3ft 6ins	No finger post just 2 way marker- SOLID	OK
10	Junction of Ravensholme with Chester road	6ft 6ins	MILLENNIUM MILE engraved Bi-directional finger post – not ambiguous. SOLID	Ok
11	Junction of Rookery Drive with Chester Road	6ft 6 ins	MILLENNIUM MILE engraved Bi-directional finger post – not ambiguous. Loose	?wedge to strengthen site
12	Junction of Rookery drive with Park	6ft 6ins	Bi-directional finger post – not ambiguous. Overgrown and difficult to see when walking up Rookery drive from Chester road Loose	Ideally change to other side of footpath.
12a	End of park at junction of Tattenhall road	tbc	NEW (bi- directional) SIGN-POST NEEDED. Local resident confirmed used to be signpost at end of park footpath. Hole where post used to sit.	Signpost needs to be replaced.
13	Park Avenue Junction with footpath past new houses on right	8ft	MILLENNIUM MILE engraved Bi-directional finger post – not ambiguous. Loose	?wedge to strengthen site

Sign-post Ref	Location	Ht approx	Condition	Comments
<b>14</b>	Along footpath near new housing that leads to Burwardsley Road	6ft	Sawn off post – top missing. No markings Good condition	Not really serving purpose here as path is obvious. Probably not an original MM post and ownership not clear. Mark and Re-use elsewhere?
<b>14a</b>	End of path to Burwardsley Road, needs finger post as only FP sign with marker in one direction	tbc	NEW (bi- directional) SIGN-POST NEEDED	Not clear which direction to turn when footpath meets street. ?? or add to existing FP sign?
<b>14b</b>	Path to Flacca from Burwardsley Road, needs finger post as only FP sign with marker in one direction	tbc	NEW (bi- directional) SIGN-POST NEEDED	Not clear which direction to turn when footpath meets street. ?? or add to existing FP sign?
<b>15</b>	On Field lane before Flacca court	3ft 6ins	No finger post just 2 way marker- SOLID	OK, but see 16
<b><u>16</u></b>	Behind cricket pavilion on Field Lane	7ft	MILLENIUM MILE engraved Bi-directional finger post – not ambiguous. Loose	?wedge to strengthen site, but not adding value in current position, post could probably be better used elsewhere? 14b. Certainly appears no need for 15 and 16
<b>17</b>	End of cricket field before footpath behind housing	5ft 6ins	MILLENIUM MILE engraved Bi-directional finger post – not ambiguous. Loose	?Ok but wedge to strengthen site

## Conclusion

	No.off	Post numbers	Comments
<b>Loose</b>	9	1,3,4,5,11,12,13,16,17	To be decided best method oak wedge/postcrete/gravel
<b>Missing</b>	2	6,12a	6 is in Glebe Meadow leaning against the fence. It may be re-useable but looks broken/rotten 12a ?with Barrie Morris
<b>Repurpose</b>	4	2,14,15,16	6 might be available depending on condition
<b>OK</b>	6	7,8,9,10,14,15	
<b>Ambiguous</b>	2	4,5	To be decided whether worthwhile to correct
<b>Move</b>	1	12	To be decided if visibility acceptable after overgrowth removed
<b>Overgrown</b>	2	1,12	Working party needed
<b>New</b>	5	1a,6,12a,14a,14b	1a repurpose 14 or use existing metal post To be decided if 6 needs replacing 12a might only need putting back in ground if still usable and with Barrie Morris 14a at end of snicket has a metal post with FP sign which could be used. There is nowhere to put a wooden post 14b by Field Lane path. There is no indication where to go once on Burwardsley Road. New or repurposed post needed. Permission from Flacca Court also needed
			Peter Williams has offered (subject to insurance concerns) to sort the loose posts or as many posts as are agreed need action. A bag of postcrete cost £8 and it should do 2 signposts .  He could also re-site any that needs doing, remove ivy etc. Re post 12, he agrees the post should be on the other side of the path and as he knows the resident, if you wish he will talk to them to and see that they have no objection to the post being on the edge of their land.
