

TATTENHALL & DISTRICT PARISH COUNCIL

Health & Safety Policy

1. General Statement of Policy

1.1 To provide and maintain safe and healthy working conditions, equipment, and systems of work for our councillors and employees, and to provide all necessary information, instruction, training as required for this purpose.

1.2 To provide and maintain safe facilities for the public.

1.3 This policy must be kept up to date with the changing circumstances of the Council, as such the policy will be reviewed annually along with the Council's risk assessment at the May meeting every year.

2. Responsibilities

2.1 Overall and final responsibility for health and safety in the Council and for compliance with the Health and Safety at Work etc. Act and Regulations made under the Act and the Occupiers Liability Act is that of the Council. The Clerk and Chairman are responsible for this policy being carried out.

2.2 Employees & Councillors have the responsibility to help to achieve a healthy and safe workplace and to take reasonable care of themselves and others.

2.3 Whenever an employee or Councillor notices a health or safety problem which they are not able to put right, they must inform the Clerk at the first reasonable opportunity, who will then take steps to rectify the situation.

2.4 All Council events will be risk assessed and that risk assessment approved by Full Council and retained on file.

3. Lifting and Handling

3.1 Advice to employees is attached as appendix 1.

4. Employment of Contractors

4.1 The appointment of contractors will be subject to the 'Managing Contractors Checklist' appendix 2.

5. Employment of Volunteers

5.1 The employment of volunteers will be subject to the 'Managing Volunteers Checklist' appendix 3.

6. Homeworkers

6.1 All homeworkers will complete the 'homeworkers checklist' which will be kept on file and regularly reviewed to take into account changes in circumstance, appendix 4.

7. Reporting and Recording of Accidents

7.1 Accidents shall be reported to the Clerk who will record them and report to the next Parish Council meeting the accident and action taken will be noted in the minutes of that meeting.

LIFTING AND HANDLING

1) The 1992 Regulations apply to lifting, pushing, pulling, carrying and moving by hand or by bodily force. More work injuries are caused though "handling goods" than any other single action.

Manual lifting is included in this and an incorrect technique can cause; hernia; torn back muscles; "slipped disc"; cuts; bruises; crush injuries to fingers, hands and forearms; crush injuries to toes; cuts and bruises to the legs and feet.

2) The following basic rules are produced to help reduce these accidents:

Never attempt to lift anything beyond your capability.

If an object is to be lifted manually:

- a) Bend the knees and crouch to the object.
- b) Get a firm grip using the whole hand and not the fingertips.
- c) Keep the back straight.
- d) Tuck the chin in.
- e) Position the feet so that one is behind the other alongside the object, pointing in the direction of movement after lifting.
- f) Push off with the rear foot. Straighten the legs and raising the object, move off in required direction in one smooth movement.
- g) Avoid pinching the fingers when releasing the object.
