

ST ALBAN'S CHURCH TATTENHA LL PCC – REQUEST FOR FUNDING

PARISH MAGAZINE

This traditional publication which is an important information provider to many is not issued to make a profit, although it would be nice if it did. The internet has meant a decline in our advertising revenue and the cost of printing and paper has soared. We now publish every other month. The cost to the Church will be around £3,000 per annum. It would help enormously to receive financial assistance from the Parish Council, and I suggest an amount of £1500.

CHURCHYARD

A system has evolved around a group of volunteers who maintain the churchyard to a very high standard, and it is looking the best it ever has. The cost of supplies now – petrol, strimmer wire – are manageable but there was a significant outlay to get the process started. I suggest an amount of £500.
