<p>There are no material changes to this application which would warrant any change to our previous observations as such the Parish Council strongly objects to this application on the following grounds:</p> <ol style="list-style-type: none"> 1. The scale and design of the garden office do not reflect the original dwelling nor the character of the surrounding area, the application is therefore contrary to BEP 5 of the Tattenhall Village Design Statement (VDS) and Tattenhall and District Neighbourhood Plan (TDNP) Policy 2. 2. The proposed outbuilding is positioned at the front of the property at a distance between the existing house and the road resulting in a break to the building line and not reflecting the rhythm and balance of the building group and is therefore contrary to BEP 7 of the Tattenhall VDS and Policy 2 TDNP. 3. The scale of the proposed building reduces the size of the garden area and is therefore against the CW&C SPD which states that care must be taken to retain adequate garden space in order to protect amenity of current and future residents to the property. <p>The Council therefore request the application is refused and that the office building is removed and trees which were removed without permission are replaced.</p>
